The Newark College of Arts and Sciences (NCAS) and University College (UC) enroll approximately 60% of the undergraduates at Rutgers-Newark. NCAS is the largest school at Rutgers-Newark and the second largest school at Rutgers University. NCAS traces its history back to the establishment of Dana College in 1930.

University College (UC) is designed for adult and non-traditional students to attend classes in the evenings or on weekends. The Faculty of Arts and Sciences supports both schools with scholar/teachers who are leaders in their fields. NCAS’ Honors College offers approximately 400 students the individual attention, access to first rank faculty, and smaller class sizes typically found at the nation’s best liberal arts colleges.

The dynamic urban location of Rutgers-Newark gives all NCAS and UC students access to outstanding opportunities for learning in and outside of the classroom, including hundreds of internships in the New York/New Jersey metropolitan area.

**Degrees awarded:** Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts.

**majors offered:**
- African-American and African Studies
- Allied Health Technologies
- American Studies
